

**NED UNIVERSITY OF ENGINEERING & TECHNOLOGY**  
(PETROELUM ENGINEERING DEPARTMENT)

**THEORY PROGRAMME**

Dated: 27st September 2024

**MIDTERM Schedule of First Year to Final Year Fall Semester Examinations - 2024 (Petroleum Engineering)**

**Venue: Department of Petroleum Engineering**

| Day / Dates     | First Year  |                |                                       | Third Year  |                |  |
|-----------------|-------------|----------------|---------------------------------------|-------------|----------------|--|
|                 | Course Code | Timings        | Course Title                          | Course Code | Timings        | Course Title                                   |
| Mon. 07-10-2024 | PE-103      | 09:00-10:30 am | Fundamentals of Petroleum Engineering | HS-219      | 09:00-10:30 am | Professional Ethics                            |
|                 | EE-124      | 02:00-03:30 pm | Basic Electricity and Electronics     | EI-305      | 02:00-03:30 pm | Instrumentation & Control                      |
| Tue. 08-10-2024 | CY-109      | 09:00-10:30 am | Applied Chemistry                     | PE-314      | 09:00-10:30 am | Petroleum Production Economics                 |
| Wed. 09-10-2024 | ME-111      | 02:00-03:30 pm | Engineering Drawing                   | PE-316      | 09:00-10:30 am | Subsurface Production Engineering              |
| Thu. 10-10-2024 | MT-114      | 09:00-10:30 am | Calculus                              | PE-315      | 09:00-10:30 am | Structural Geology and Geophysical Exploration |
| Fri. 11-10-2024 | ES-106      | 09:00-10:30 am | Pakistan Studies                      | PE-317      | 09:00-10:30 am | Natural Gas Engineering                        |

| Day / Dates     | Second Year |                |  | Fourth Year                             |                |                               |
|-----------------|-------------|----------------|--|---|----------------|-------------------------------|
|                 | Course Code | Timings        | Course Title                                     | Course Code                             | Timings        | Course Title                  |
| Mon. 07-10-2024 | PE-210      | 09:00-10:30 am | Thermodynamics-1                                 | EA-221,<br>EA-225,<br>EA-227,<br>EA-232 | 09:00-10:00 am | Foreign Language -II          |
|                 | EA-218      | 02:00-03:30 pm | Business Communication                           |   |                |                               |
| Tue. 08-10-2024 | CE-212      | 11:30-01:00 pm | Mechanics of Solids                              | PE-415                                  | 11:30-01:00 pm | Reservoir Simulation          |
| Wed. 09-10-2024 | MT-221      | 11:30-01:00 pm | Linear Algebra & Ordinary Differential Equations | CS-323                                  | 11:30-01:00 pm | Artificial Intelligence       |
| Thu. 10-10-2024 | UE-270      | 11:30-01:00 pm | Surveying and Geoinformatics                     | PE-417                                  | 11:30-01:00 pm | Project Planning & Management |
| Fri. 11-10-2024 | PE-208      | 11:15-12:45 pm | Reservoir Petrophysics                           | PE-416                                  | 11:15-12:45 pm | Reservoir Engineering II      |

Prepared by: Syed Imran Ali (lecturer, PED,NEDUET)

Approved by: Dr. Javed Haneef (Chairman PED & Associate Professor, PED,NEDUET)
