Donation of IPM by Petroleum Experts UK

The cutting-edge, Integrated Production Modeling software package has been recently received by NED University of Engineering and Technology (NEDUET) as a donation from Petroleum Expert Ltd UK to academic institution. NEDUET initially received the IPM v.6.0 software in July 2008, which was later upgraded to v.7.5 in 2010. Nevertheless, the latest version of this industry standard software is now a great addition to the Department of Petroleum Engineering. The following products are included in IPM

Product	Module
PROSPER (64 Bit)	version 17
GAP (64 Bit)	Version 14
PVTP(64 Bit)	Version 15
MBAL (64 Bit)	Version 16
REVEAL (64 Bit)	Version 10
RESOLVE (64 Bit)	Version 10

This recent version of software package with worth **£ 2,584,803.70** has not only added to the glory of our institution but it has also opened new opportunities for the students in learning.
More details about the software are available at: http://www.petex.com
