

MEMORANDUM OF UNDERSTANDING (MOU) BETWEEN NED UNIVERSITY OF ENGINEERING & TECHNOLOGY AND SPRINT OIL & GAS SERVICES PAKISTAN

On 30th March 2022, Department of Petroleum Engineering of NED University of Engineering & Technology has signed a Memorandum of Understanding (MoU) with Sprint oil & gas services Pakistan. The MoU aims to provide both Organizations a concrete foundation for the collaboration in the areas of Academia, research and Industrial/technical activities. The MoU will benefit in:

- Strengthening the academia - industry linkages.
- Strengthening and optimization of the utilization of Laboratory facilities
- Enhancement of students' capabilities through participation in industrial visit, seminars, workshops and conferences.
- Bridging the gaps (s) between theory and practice to improve graduate employability.
- Facilitates in obtaining the internships, jobs, and financial support for final year design projects for the students.
