

Field Trip to NORDEX's Fuel Camp at Jhimpir

On 20th January 2022, Student Energy NEDUET Chapter of Department of Petroleum Engineering arranged an industrial visit to NORDEX's Fuel Camp at Jhimpir of NORDEX Pakistan Private Limited. The trip was an open invitation for all the society members and, therefore, students from the Department of Petroleum Engineering as well from the other departments participated in the visit. The trip proved to be fruitful visit as students got opportunity to witness wind turbine operation in real time and also obtain deep insight about the functioning of wind turbines to produce power. The NORDEX technical team whole heartedly welcomed the students and briefed them about the HSE risk in the field and their necessary safety measures, function of power unit, central control unit, and vital components of wind turbine. The trip to NORDEX Pakistan Private Limited organized by Student Energy NEDUET Chapter served as an important milestone for the department and the inter-departmental society. The exposure to the field will definitely help students in their academic studies and in their professional life in future.
